To whom it may concern,

Euro Asia Transload Inc. would highly recommend using the cleaning services of The Dream Clean. The Dream Clean is our go-to vendor when it comes to cleaning. They have very honest & punctual staff which takes great care of cleaning at our Warehouse facility.

We would like to note that there was no price gouging or inflated hourly rates. We have never experienced issues of inadequate cleaning. Steve & his staff are very flexible to sudden change of cleaning schedule whenever required. They follow the safety & other instructions very seriously when on site.

In closing, Euro Asia Transload Inc. hires The Dream Clean, because their customer service, and end-results are above industry standards.

It is an honor to recommend The Dream Clean for any and all your cleaning needs.

Best Regards
